

Virtual Desktop Modernization

EUC Migration Workshop

BENEFITS

- Prepare for and plan your end user desktop and application migration with recommendations from experienced consultants
- Mitigate risk and accelerate time to value by leveraging our knowledgeable Xperts
- Take advantage of comprehensive project documentation and a robust knowledge transfer session

OVERVIEW

The End User Computing (EUC) Migration Workshop focuses on collaborating with you to develop detailed plans, phases and timeline for migrating an existing application virtualization infrastructure and desktops to a new Nutanix HCI infrastructure and/or to a new hypervisor. This workshop also covers the migration of existing physical desktop users and data into a VDI infrastructure.

A certified Nutanix consultant delivers a series of planning workshops to ensure that migration requirements are identified and met the first time. The consultant ensures adherence to Nutanix- and industry-recommended best practices while minimizing cost and complexity.

SERVICE SCOPE

Develop the plan for migrating from your current state and infrastructure to a defined future Nutanix-based application and desktop virtualization solution

Planning includes:

- Gather and document migration requirements, constraints, assumptions, dependencies and decisions for the migration effort
- Conduct a high-level assessment of the current state of systems and users to be migrated based upon data provided by you
 - Assessment is limited to a single datacenter or physical site and to a single existing VDI environment
 - Assessment of the existing systems can be obtained by way of the EUC Desktop Transformation Workshop

DELIVERABLES

- Project schedule
- Project status reports
- Requirement gathering workshops
- Architecture requirements and design documents
- Configuration workbook
- High-level Migration presentation
- Migration Plan
- Migration Test Plan
- Project close out

Note: This offer is available with tiered documentation, defined here <https://www.nutanix.com/support-services/consulting-services/documentation-tiers>

- Review options for migrating the desktop virtualization broker infrastructure
- Review options for migrating the existing virtual and physical desktops and images
- Assess network configuration impacts and requirements
- Review options for migrating existing user profiles and data
- Develop a migration plan, process and migration waves

TASK

	Duration
EUC Migration Workshop (customer involvement required)	Typically 2 days
EUC Migration Workshop documentation creation	Typically 2 days
